Jackson County Public Campgrounds with direct ATV trail access

Jackson County offers many camping opportunities for the ATV enthusiast. Both East Arbutus County Park and Crawford Hills County Park have direct access to the ATV trail system. To make online reservations, visit <https://www.jacksoncountyparks.us/parks/index.phtml>. For additional camping opportunities, contact the Black River Area Chamber of Commerce at 800-404-4008, visit www.blackrivercountry.net or email at chamber@blackrivercountry.net.

East Arbutus County Campground: 174 campsites – some with water access – near the shores of Lake Arbutus near Hatfield. Firewood, ice, drinking water, showers, RV dump stations, boating, hiking, playground. Popular with water-skiers, jet-skiers, boaters and anglers. Fee or park sticker required. ATV/motorcycle trail access. Directions: Exit 116 from I-94, Hwy. 54 six miles east to Hwy. K. Turn north for eight miles to Clay School Road. Turn east for one mile to the park. 715-333-5832

Crawford Hills: 15 campsites, drinking water, hiking, playground, ATV/motorcycle trail access, fee or park sticker required. Primarily an off-road vehicle park. Offers visitors a chance to drive their motorcycles along single-track motorcycle trails through the park or have access to other county ATV trails. Located 15 miles east of Black River Falls off Hwy. 54. 715-284-8475

Off-road motorcycle regulations

In Clark County and Jackson County, only street legal motorcycles – driven by licensed operators – are allowed on the ATV trail system. All non-street motorcycles may only operate on the Clark County Knobby Ridge Motorcycle Trails or Jackson County Crawford Hills Motorcycle Trails.

In Jackson County, all motorcycles using any trail system (ATV trails or motorcycle trails) must have a Jackson County Motorcycle Sticker, which can be purchased at any of these locations

Clark & Jackson County Wisconsin

Winter ATV operation

All Jackson County ATV trails located on this map are open for use in the winter by both ATVs and UTVs, weather permitting. Clark County permits the operation of ATVs only.

Due to unforeseen weather events, Jackson County trails are subject to periodic seasonal closures. We do our best to evaluate, repair and re-open the trails in a timely manner. Our website and Facebook page have the most current information on trail closures, construction re-routes and other useful information. It is always best to check riding conditions prior to arrival.

Restricted list

The following cannot be operated on ATV trails or routes in Clark or Jackson County:

- 6-8 wheel amphibious vehicles

- Golf carts or go carts

- Off-road motorcycles

Excessive or unusually loud ATVs are illegal

- Your ATV must be equipped with a functioning muffler to prevent unusual or excessive noise. No person may operate an ATV in such a manner that noise emitted from the ATV is louder than 96 decibels.

- No one shall deny or refuse an inspection or testing of an ATV by a law enforcement officer who reasonably suspects a violation of an equipment requirement.

- Your ATV must be equipped with a (USFS approved) spark arrester at all times.

All-terrain vehicle nonresident trail pass

You must either register your ATV in Wisconsin or purchase a valid Wisconsin ATV trail pass to legally operate in Wisconsin. All ATVs kept in Wisconsin for longer than 15 consecutive days are required to be registered in Wisconsin. Nonresidents operating their ATVs in Wisconsin for less than 15 consecutive days must purchase an ATV trail pass if not currently registered in Wisconsin. Passes are available anywhere hunting and fishing licenses are sold or through the DNR website.

- The trail pass must be permanently affixed by its own adhesive in a highly visible location on the forward half of the ATV.

- Once affixed the sticker may not be removed or transferred to another ATV.

Who may operate an ATV?

Please scan this QR code to get the latest regulations regarding ATV operation.

Other ATV routes

Many local roads in Jackson and Clark County are open to ATV use. The map will only show those connecting routes which are integral part of the ATV/UTV trail system. Due to the dynamic nature of routes (new openings and closures) that frequently occur, it would be nearly impossible to print a map that would remain accurate for any length of time. The local town clerks keep records of route ordinances passed in their jurisdiction. These town names are shown in a light pink color on the map. Information regarding the Jackson County Town Officials can be accessed by visiting the Jackson County website at www.co.jackson.wi.us and looking under the Departments>County Clerk>County Directory tabs. The Clark County Town Officials can be accessed by visiting www.co.clark.wi.us and clicking on the Government tab and selecting the Directory of Public Officials. Otherwise, use the QR codes below to access:

Jackson County

Clark County

Welcome to the capitol of Wisconsin's ATV trails!

The ATV/motorcycle trail system extends more than 235 miles in Jackson and Clark counties, making it one of the longest and the most popular recreational destination in the state. Experience a ride that takes you along rock hills, pristine meadows, over clear streams or through thick canopies of pine and oak forest.

There are plenty of trail access points and parking. Before or after the ride stay at one of our many hotels or campgrounds and enjoy the hospitality of our fine restaurants and taverns.

Trails are not designed for racing or advance technical riding. Please stay on the trails and be respectful of fellow riders. Trails and routes are shared with horses, mountain bikers, hikers, hunters and vehicles. We rely on our trail users to follow the rules and practice safe, family-oriented trail riding. We hope that you have a safe and enjoyable ride.

Updated May 2017

Jackson County enforces a 28 degree temperature restriction on the use of ATV's and UTV's from December 15th-March 15th. The official temperature used to enforce this restriction is recorded at the Black River Municipal Airport and is posted on the National Weather Service website at www.weather.gov.

In Case Of Emergency - DIAL 911

JACKSON COUNTY EMERGENCY SIGNING

Blue posts with red numbers are located along the trail in the event that an emergency occurs. The top number on the post corresponds to the trail segment you are on and the bottom number is the mileage marker. If you need assistance, here is what you should do:

1. Locate a blue post and dial 911.
2. Tell the dispatcher that you are on the ATV trail and need assistance.
3. Read the top number and the bottom number to the dispatcher and follow their instructions.

Intersection signs with red numbers are located at all trail intersections. The numbers have been integrated on the map.

CLARK COUNTY EMERGENCY SIGNING

Common red & white emergency locator signs are installed throughout the trail system at intersections, not all trail intersections may have a sign. Locate a sign and dial 911.

Additionally, 9" x 9" white numbers on brown background signs are also located at intersections. A specific number and reference to Clark County have been integrated on the map.

Map information provided by the Clark and Jackson County Land Information Offices and Forestry Depts.
